

# Dart Express Net Password Self-Reset

**\*\*\*The password self-reset feature is only offered to retail Dart Express Net customers. Cash Management and Single Sign On users do not have this feature.**

Login to your Dart Express Net account and click on the Options tab.

You will need to create a **“Password Reset Question”** and **“Password Reset Answer”** to turn on the self-reset feature. If these are not set up, you will not be able to use the self-reset feature.

Click on Submit found at the bottom of your screen.

The next time you login and cannot remember your password, click on Reset Password at the login page. *(If you have tried 3 or more times to login before hitting the Reset Password link, your Dart Express Net account will become locked. For security purposes, you will need to call the Bank and speak with a Customer Service Center Representative to unlock your account.)*

Login

\* Microsoft Internet Explorer Version 5 or higher saves user names and passwords. It will automatically complete any login for you. This allows people at your computer to use your logins without knowing your passwords. To see how to turn this off, click [here](#).

Once you have hit the Rest Password link, you will be prompted to enter your Dart Express Net ID as well as your e-mail address that is linked to your account. After you hit submit an e-mail will be sent to you containing a temporary password that you will be able to use to login. You will be prompted to change this temporary password upon logging in.
